What is Summer Starts at EPL?

We are excited to announce that EPL's Summer Reading Club is expanding this summer into a new program called Summer Starts at EPL. Summer Starts at EPL will encourage kids to read, create and explore all summer. The TD Summer Reading Club program will still be a part of our programming, but this year we are offering additional activities to encourage kids to create and explore our community. Pick up your free registration package at any branch starting on **June 25**.

For more information, visit epl.ca/summerstarts.

Prizes.

Summer Starts at EPL participants have the opportunity to win awesome prizes throughout the summer. Read and track your adventures until the end of August using the Map of Adventure in your registration package to win a \$500 Lego gift card or Sphero BB-8s. When you register the weekend of June 25 you will get a special ballot for a chance to win littleBits Synth kits or family passes to John Janzen Nature Center, Fort Edmonton Park, Telus World of Science and the Valley Zoo. Other prizes include 3Doodler pens, Lego sets, microscopes and more!

Top 5 Reasons to Participate

1 IT'S FREE!

All of EPL's summer programs are available to children of all ages. Programs and activities are designed to spark children's imaginations and promote a lifetime of curiosity and wonder. Children are encouraged to read, create and explore with our reading program, Wonders of the Week contests and exciting programs that focus on science, technology, and the arts.

2 IT'S ABOUT READING

EPL's summer programs promote reading. We partner with the national TD SRC program to support and encourage children's reading all summer long, which in turn helps to build a strong community of readers. Research suggests that children who read throughout the summer return to school better prepared to learn and read than other children. But more importantly, we want children to be excited about reading for fun. If children enjoy reading and have fun doing it, they will be more likely to become lifelong readers. This summer, children will track their reading in a TD SRC logbook. When they have completed six hours of reading, they can come back to the library to get a prize and a ballot to enter our grand prize draw. For more information, visit epl.ca/summerstarts.

3 AND CREATING

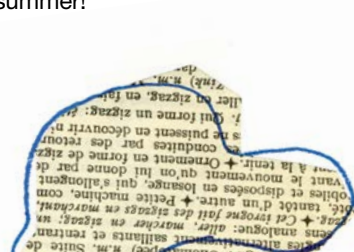

What's more fun than being creative? Summer Starts at EPL will encourage children's creativity and imagination through our amazing programs at branches across the city. Whether your child wants to be an artist, join the circus or be a young Jedi, our programs have you covered!

4 AND EXPLORING

A new feature of our summer program at EPL is the Map of Adventure. Encourage your child to keep track of the fun activities they do all summer long. Visit the animals at the Valley Zoo, take a dip in the pool at City Hall, enjoy a StoryWalk at the John Janzen Nature Centre, download an audiobook, read a book outside, build something with Lego or explore a new (to you) park. Children can do all of these things and more, and earn a chance to enter our grand prize draw when they bring a completed tracking sheet to their local branch.

5 IT'S FUN!

There are many fun ways to participate in Summer Starts at EPL: attend programs, read great books, win prizes, enter contests, and more. Visit your local library branch or go to epl.ca/summerstarts to learn more about everything that is fun at the library this summer!

Summer is hot, and so are these books! Whether you enjoy fiction or non-fiction, here's a taste of some great summer reads.

GRADES 1-3

Finding Winnie
By Lindsay Mattick

We all know the story of Winnie the Pooh. But did you know that it was Captain Harry Colebourn, a Canadian veterinarian, who rescued the bear cub on his way to England, and that she became the mascot of the Second Canadian Infantry Brigade?

Last Stop on Market Street
By Matt de la Peña

Adventures don't always have to take place in the wild. C.J. and his Nana take the bus after church, seeing different parts of the city and meeting all sorts of people. Have you ever ridden Edmonton's LRT from end to end?

GRADES 4-6

El Deafo By Cece Bell

This is a graphic novel based on the author's childhood experiences of growing up deaf in a hearing world. Cece is the only deaf child on her street and in her school. With the invention of an alter ego—the cape-wearing El Deafo, who gets her through stressful encounters—Cece transitions from being and feeling different to growing into herself. Her belief that “our differences are our superpowers” is something we should all embrace.

The Boundless
By Kenneth Oppel

All aboard! This historical fantasy adventure will have you on the edge of your seat. Join us on the intercontinental journey of the *Boundless*, the world's largest and most luxurious train at nearly 1,000 cars, through a Canadian wilderness where the sasquatch still roam. With two gangs of thieves, a beautiful escape artist and a mysterious ringmaster, Will is on the adventure of a lifetime. Trains, magical creatures, the circus and danger, oh my!

GRADES 7-9

Positive: Surviving My Bullies, Finding Hope, and Living to Change the World: A Memoir
By Paige Rawl

Nietzsche was right when he said, “That which does not kill us makes us stronger.” Paige Rawl is an amazing young woman who has grown up living with HIV and facing bullying and is now an advocate against bullying and an HIV/AIDS educator.

We Are All Made of Molecules

By Susin Nielsen-Ferlund

The making of a modern family isn't as easy as it seems on TV. Quirky and cerebral Stewart is looking forward to gaining a sister when his widowed father moves in with his new girlfriend. Ashley, a popular fashionista, has had her world turned upside down, first by her parents' divorce, then her father's announcement that he is gay, and now can't believe her mother's new boyfriend is moving in. Stewart and Ashley couldn't be more different, but as they navigate loss and find common ground, they learn the true nature of friendship—and what it means to be a family.
